ARUBA CROCHETED BAG

DESIGN

Brit Frafjord Ørstavik

YARN

ØKO BOMULL 100 % organic cotton
50 grams = approx. 100 metres

Alternative yarns: LERKE, MERINO 22

SIZE

Circumference approx. 88 cm
Diameter approx. 28 cm
Height approx. 34 cm

YARN REQUIREMENTS

7 balls

COLOUR

Light Jade Green 305

SUGGESTED HOOK SIZES

3.5 mm and 5 mm crochet hooks
2 x 3 mm DPNs for i-cord

GAUGE

15 htrs with 5 mm hook = 10 cm
11 R of htrs with 5 mm hook = 10 cm

Check your gauge by working a swatch.

Count the number of sts per 10 cm; if you have more sts than suggested, change to a larger hook size. If you have fewer sts change to a smaller hook size.

ABBREVIATIONS

Ch = chain st, dc = double crochet,
htr = half treble crochet, tr = treble crochet,
ss = slip st, ch-sp = chain-space, st = stitch,
R = row/round

For pattern for the top on page 1, see DG 453-03

The bag is worked from the bottom up.

Cast on with a 5 mm hook, and work 8 dcs as follows:
Wind the yarn twice around your left index finger, insert the hook into the ring and work 1 dc.
Work 7 more dcs. Work together with 1 ss in the first dc.
Pull the cast-on yarn tight to close the hole.

R 1: Work 2 chs (= first htr), 1 htr through the same st, then work 2 htrs through each dc = 16 htrs. Work together with 1 ss in the first htr.

R 2: Work 2 chs, 2 htrs through the next htr, *work 1 htr through the next htr, 2 htrs through the next htr*, repeat from *-* to end of R = 24 htrs.

Work together with 1 ss in the first htr.

R 3: Work 2 chs, 1 htr through the next htr, 2 htrs through the next htr, *1 htr through each of the next 2 htrs, 2 htrs through next htr*, repeat from *-* to end of R = 32 htrs. Work together with 1 ss in the first htr.

R 4: Work 2 chs, 1 htr through each of the next 2 htrs, 2 htrs through the next htr, *1 htr through each of the next 3 htrs, 2 htrs through next htr*, repeat from *-* to end of R = 40 htrs. Work together with 1 ss in the first htr.

R 5: Work 2 chs, 1 htr through each of the next 3 htrs, 2 htrs through the next htr, *1 htr through each of the next 4 htrs, 2 htrs through next htr*, repeat from *-* to end of R = 48 htrs. Work together with 1 ss in the first htr.

R 6: Work 2 chs, 1 htr through each of the next 4 htrs, 2 htrs through the next htr, *1 htr through each of the next 5 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 56 htrs. Work together with 1 ss in the first htr.

R 7: Work 2 chs, 1 htr through each of the next 5 htrs, 2 htrs through the next htr, *1 htr through each of the next 6 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 64 htrs. Work together with 1 ss in the first htr.

R 8: Work 2 chs, 1 htr through each of the next 6 htrs, 2 htrs through the next htr, *1 htr through each of the next 7 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 72 htrs. Work together with 1 ss in the first htr.

R 9: Work 2 chs, 1 htr through each of the next 7 htrs, 2 htrs through the next htr, *1 htr through each of the next 8 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 80 htrs. Work together with 1 ss in the first htr.

R 10: Work 2 chs, 1 htr through each of the next 8 htrs, 2 htrs through the next htr, *1 htr through each of the next 9 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 88 htrs. Work together with 1 ss in the first htr.

R 11: Work 2 chs, 1 htr through the each of next 9 htrs, 2 htrs through the next htr, *1 htr through each of the next 10 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 96 htrs. Work together with 1 ss in the first htr.

R 12: Work 2 chs, 1 htr through each of the next 10 htrs, 2 htrs through the next htr, *1 htr through each of the next 11 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 104 htrs. Work together with 1 ss in the first htr.

R 13: Work 2 chs, 1 htr through each of the next 11 htrs, 2 htrs through the next htr, *1 htr through each of the next 12 htrs, 2 htrs through next htr*, repeat from *-* to end of

R = 112 htrs. Work together with 1 ss in the first htr.

R 14: Work 2 chs, then 1 htr through each htr to end of R = 112 htrs. Work together with 1 ss in the first htr.

R 15: Work 2 chs, 1 htr through each of the next 12 htrs, 2 htrs through the next htr, *1 htr through each of the next 13 htrs, 2 htrs through next htr*, repeat from *-* to end of R = 120 htrs. Work together with 1 ss in the first htr.

R 16: Work 2 chs, then 1 htr through each htr to end of R = 120 htrs. Work together with 1 ss in the first htr.

Repeat R 16 until the piece measures 8 cm from the last increase (R 15).

Work pattern according to diagram.

When you have finished the diagram, continue working as described for R 16 until the piece measures 4 cm from the end of the diagram.

Work an eyelet R as follows:

Work 2 chs, 1 htr through each of the next 5 htrs, 2 chs, skip 2 htrs, *1 htr through each of the next 6 htrs, skip 2 htrs*.

Repeat from *-* to end of R. Work together with 1 ss in the first htr.

Next R: Work *1 htr through each htr, and 2 htrs through the ch-sp consisting of 2 chs*, repeat from *-* to end of R. Work together with 1 ss in the first htr.

Work 1 R in the same way as R 16. The piece now measures approx. 34 cm from the last increase at the bottom.

Cut yarn.

STRAPS

Cast on 10 chs using a 3.5 mm crochet hook. Turn, work 1 dc through the third ch from the hook, then 1 dc through each ch = 7 dcs. Turn.

R 1: Work 2 chs (= first dc) then 1 dc through each dc = 8 dcs. Turn.

Repeat R 1 until the piece measures approx. 70 cm.

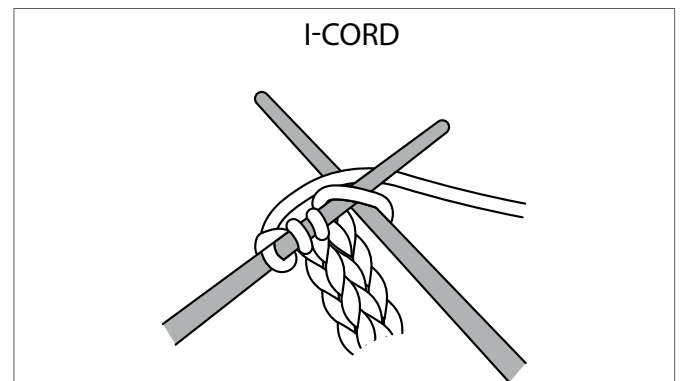

Don't cut yarn but work 1 R of dcs around the whole strap and, in each corner, work 3 dcs. Work together with 1 ss in the first dc.

Work one more strap in the same way.

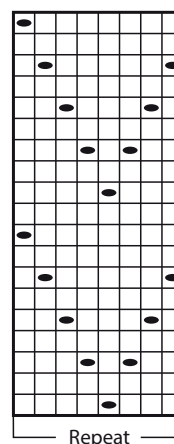

Lay the bag flat, measure approx. 7 cm in from each side and sew on the straps.

I-CORD

Knit an i-cord as follows: Cast on 4 sts on 3 mm DPNs and work in the round as follows: K 4, * push the sts to the right hand end of the needle, tighten the yarn at the back and K 4*, repeat from *-* until the cord measures approx. 125 cm. Cast off. Thread the cord through the eyelet holes.

DIAGRAM

□ 1 htr

● Bobble: Work 1 htr through next st, but wait with the last Y/O and pull-through, work 3 more htrs in the same way through the same st = 9 loops on the hook. Make a Y/O on the hook and pull through all the loops on the hook. Lock the st by making a Y/O on the hook and pulling it through the loop on the hook.
