

EMBROIDERED COSMETIC PURSE

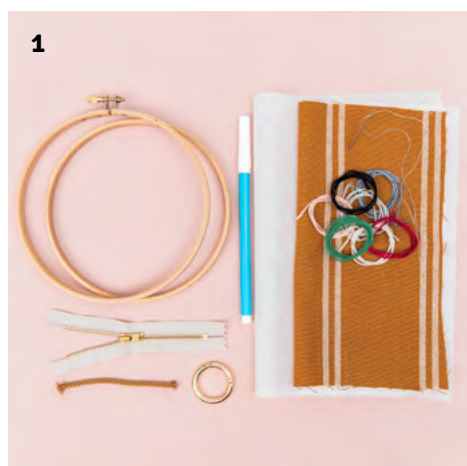

MATERIALS

- Fabric, approximately 20 x 30 cm
- Embroidery yarn, 7 colours
- Embroidery needle
- Wooden embroidery hoop, 15 cm
- Marker
- Non-woven interlining, water-soluble
- Plastic zip, 15-20 cm
- Anorak cord, 10 cm
- Round snap hook

TIP: You can also embroider a design based on a child's drawing

FREE
DIY

1 Collect all materials. Print the template.

2 Place a piece of water-soluble, non-woven interlining over the template (or your design of choice). Draw up with the marker.

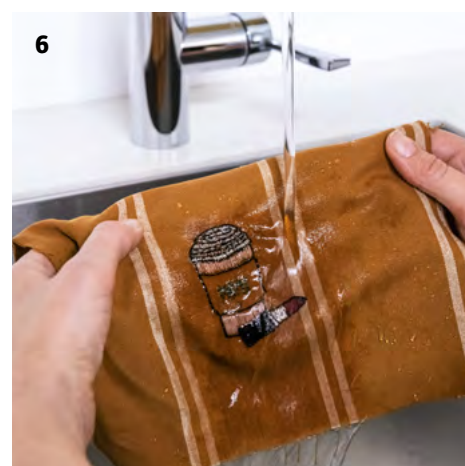

3 Mount fabric and water-soluble interlining in the embroidery hoop. Use an embroidery needle and yarn. We use two strands of yarn here. First, embroider around all the fields with black back stitch.

4 Fill in the fields on your design, i.e. those you want filled. Here we use satin stitch.

5 You can embroider some fields with basting stitch. Otherwise, use back stitch. When you have finished sewing, release your work from the embroidery hoop.

6 Rinse off the water-soluble, non-woven interlining in cold water. Leave your work to dry. Press. To make the cosmetic purse, follow the sewing instructions in free pattern no. 100000378.
