

## BOOK COVER

FREE  
DIY

## MATERIALS

- Fabric, about 30-35 cm

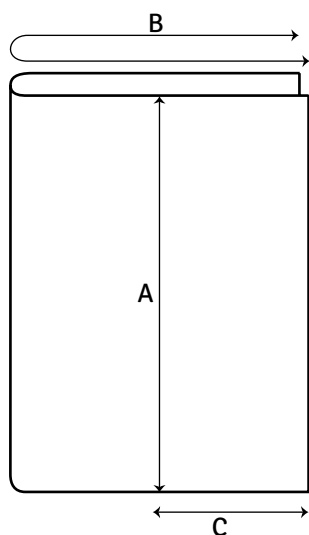

*Hey there! Decorate books with your favourite fabrics.*

Measure book height (A), circumference (B) and "pocket" depth (C).

Cut a piece of fabric measuring:

**A** + 4.2 cm and **B** + **C** + **C** + 4.2 cm.

For example: **A** = 21 cm **B** = 31 cm **C** = 12 cm

Fabric piece measurements:

- Overlock fabric edges.
- Fold the ends of the fabric 1.5 cm onto the wrong side. Stitch firmly.
- Fold "pocket" right sides together. Stitch (1.5 cm seam allowance).
- Turn to the right side. Work edge stitching 0.3 cm all around the cover. Finally slide the book into its new cover.

**B** + **C** + **C** + 4.2 cm seam allowance

For example: 31 + 12 + 12 + 4.2 = 59.2 cm

**A** + 4.2 cm seam allowance

For example: 21 + 4.2 = 25.2 cm
