

STAR - PAP FAB

MATERIALER

- PAP FAB
- Hobby glue
- Fine string
- Beads (optional)

HOW TO:

Cut 7 squares, each measuring 20 x 20 cm, in PAP FAB.

1. Fold corners into the centre, open and lay flat.

2. Fold sides in towards the fold.

3.

4.

5. Fold the small sides into the centre to form a rhombus.

7. Fold the rhombus in half in the centre (as shown). Make 6 more pieces.

8.

9. To assemble the star: Open the large spike on one piece. Slide the small spike from another piece into the large spike on the first. Fold the large spike again to "lock" the 2 pieces together.

10. Continue until you have a complete star. If you like, add a small spot of glue at the joins.

11.

12. Decorate with beads (optional).
