

PINE CONE - PAP FAB/FELT

MATERIALS

- PAP FAB or felt
- String for hanging
- Textile or hobby glue

HOW TO:

1. To start, cut strips.
In PAP FAB: cut all strips.
In felt: cut strips nos 1, 2, 3, 4 and 6.
2. Take strip 1 (this forms the middle). Fold in half so the ends meet. Glue at the top.
3. Take strip 2. Fold as strip 1.
Glue strip 2 to one side of strip 1 at the top. Fold another strip 2 and glue it to the other side of strip 1.
4. Continue in the same way with strips 3, 4 and 5 (omit strip no. 5 in the felt version).
5. Fold a small strip (no. 7) around the top and glue on the back (omit strip no. 7 in the felt version).
6. Strip 6 forms the top of the pine cone. Fold and glue to the top. Curl the ends carefully with scissors (like you would curl ribbon on a gift). Felt does not curl.
7. Tie cord to the top for hanging.
