

PATCHWORK CONE

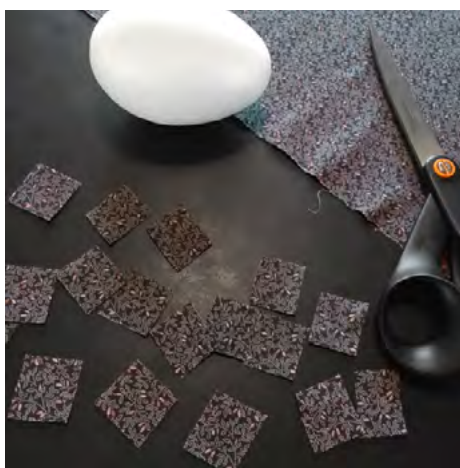

MATERIALS

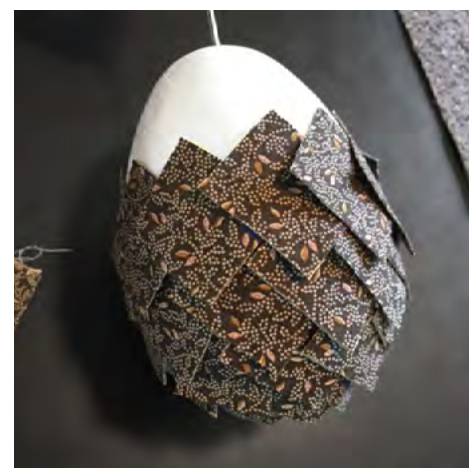

- Patchwork fabric
- Styrofoam egg
- PAP FAB
- Pins
- Ribbon for hanging
- Spray glue
- Transparent glue
- Paintbrush

1. Using spray glue, glue the 2 pieces of patchwork fabric (wrong sides together).

2. Cut small squares approx. 3 x 3 cm, leaving edges raw.

3. Starting at the bottom of the egg, glue the squares close together to the egg using transparent glue. Apply glue only to the top of the fabric square. To add the finishing touch, cut 2-3 leaves in PAP FAB. Attach leaves with a pin. You can also choose to attach a narrow ribbon for hanging.
