

CREATE STUNNING COVERS FOR YOUR FOAM CUSHIONS

COVER FOR FOAM CUSHION

FREE
DIY

MATERIALS:

- Foam cushion no. 38098050
- 85 cm of fabric with a width of 140 cm
- 2 x 50 cm invisible zips

1. Cut 2 pieces of fabric, each measuring 52 cm x 52 cm, for the top and bottom of the cover (1 cm seam allowance included). Cut 4 pieces of fabric, each measuring 52 cm x 12 cm, for the sides of the cover (1 cm seam allowance included). Sew the 4 sides together at the short ends to make a ring. Start and stop 1 cm from the edge. See fig. 1. Press the seams apart.

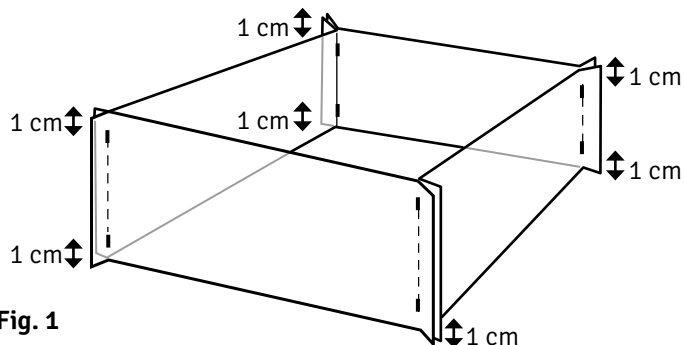

Fig. 1

2. Sew the first zip onto one of the sides. Start at the corner and stop 5 cm before the next corner (the zip is approx. 5 cm too long). Sew the other zip. Start at the same corner and stop 5 cm before the next corner. The two zip sliders should meet at the same corner. See fig. 2.

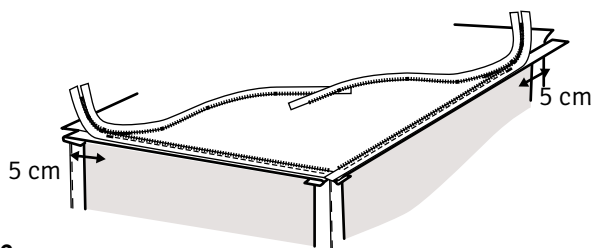

Fig. 2

3. Sew the first zip onto the base piece. Start at the corner and stop 6 cm from the edge. Sew the other zip. Start in the same corner, stopping 6 cm from the edge. See fig. 3.

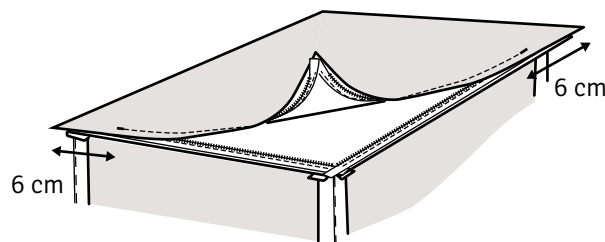

Fig. 3

4. Close each zip by approx. 7 cm. Sew across the zips 4 cm from the end. Cut the excess 3 cm of zip off. Sew the rest of the seams on the base and sides together from zip end to zip end. See fig. 4. Press the seams.

Fig. 4

5. Sew the top onto the sides. See fig. 5. Press the seams.

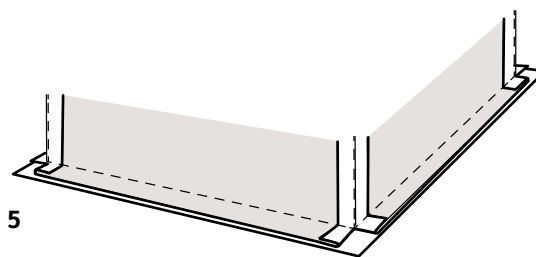

Fig. 5

6. Turn right side out and insert the cushion into the cover. See fig. 6.
