

Make your child's hobbyhorse unique

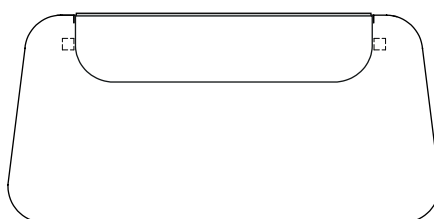

Sew it: Hobbyhorse Saddle Blanket

Materials

- 10 cm of fabric for the collar
- 20 cm of fabric for the saddle blanket
- 1 buckle, 10 mm (no. 43240)
- 25 cm webbing, 10 mm wide (no. 80047)
- Patch (optional)

 FREE
DIY

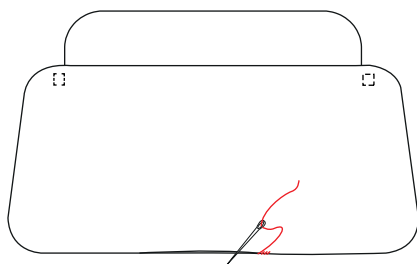

1. Cut 2 collar pieces. Sew along the upper edge, right sides together. Turn to the right side. Sew the lower edge (0.5 cm seam allowance).

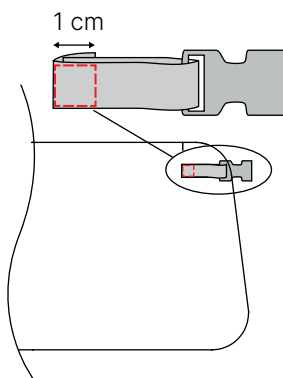

2. Cut 2 saddle blanket pieces. Place the collar between the 2 notches on one saddle blanket piece.

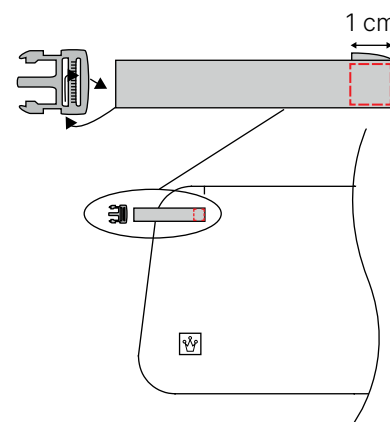

3. Lay the other saddle blanket piece on the top. Sew, leaving a gap open at the lower edge for turning. Trim the curved seams.

4. Turn to right side. Hand-stitch the gap closed using small invisible stitches.

5. Cut a 7 cm length of webbing. Fold the webbing around the buckle and sew it to one side of the blanket (see marking).

6. Sew the rest of the webbing onto the other side of the blanket (see marking). Sew on the buckle. Fold the end 2 x 1 cm, and stitch to secure. Sew/iron on a patch (optional).
