Backward loop cast-on:

Form a forward loop of yarn with your fingers, insert the needle through the front of the loop, so the working yarn points towards you.

Designed by Anne Sofie Sørensen

The vest is worked from the top down. First the back yoke is worked to the bottom of the armholes, then stitches are picked up and knitted along the shoulders for the front yoke which is also worked to the bottom of the armholes. Then the front and back yoke are joined for the body, which is worked in the round to rib at the hem.

The stitches are split for the front and back at the hem and the rib is worked back and forth separately for each section to form side slits.

BACK YOKE

Work back and forth to the bottom of the armholes.

Cast on 14 [14] 14 [16] 16 sts on a 15 mm needle.

Row 1 (WS): Purl.

Row 2 (RS): Cast on 3 [3] 3 [4] 4 new sts at the beginning of the row using the backward loop method, knit to end of row, cast on 3 [3] 3 [4] 4 new sts at the end of the row using the backward loop method.

Row 3: Purl.

Row 4: Cast on 2 [3] 3 [3] 4 new sts at the beginning of the row using the backward loop method, knit to end of row, cast on 2 [3] 3 [3] 4 new sts at the end of the row using the backward loop method.

Row 5: Purl.

There are now a total of 24 [26] 28 [30] 32 sts on the needle.

Work back and forth in stockinette stitch until the work measures 16 cm at the outer edges from the shoulder cast on edge. End on a WS row.

Increases are now worked to create width as follows:

Row 1 (RS): K1, M1R, knit to the last stitch on the row, M1L, k1.

Row 2 (WS): Purl.

Repeat Row 1 and 2 until the work measures 33 cm mid back.

Now work back and forth in rib in the same way across the back until the rib measures 10 cm.
