ABBREVIATIONS:

st(s) = stitch(es)
 db = double crochet
 sls = slip stitch
 cs = chain stitch
 beg = beginning
 cont = continue

tog = together
 WS = wrong side

BAG

The bag is crocheted in spiral rounds:

Work 4 cs, join to make a ring with one sls.

Round 1: Work 6 db around the ring

Round 2: Work 2 db in each db, a total of 12 db.

Round 3: Work 2 db in every second db, a total of 18 db

Round 4-9: Work 6 inc (2 db in the same db) evenly on the round, you now have a total of 54 sts on the round.

If the inc are placed the same on each round the bottom of the bag will be slightly hexagonal in shape.

Round 10-42: Crochet even, end with 1 sls, weave in the ends.

LINING:

For the side cut a piece of fabric of 76 cm (the circumference of the bag + 2 cm for the seam) x 31 cm (the height of the bag + 2 cm for the seam).

For the bottom cut a circle with a diameter of 25,5 cm

- seam tog to make a ring.

Before sewing on the bottom it is a good idea to mark both the sides and bottom so they are divided into 4 equally large parts.

- sew the bottom on the sides.

Fold the top 1 cm of the lining to the WS,

Place the lining inside of the bag and seam it on the top of the inside.

HANDLES:

Attach the handles to the bag, there should be 20 cm between the 2 ends of the handles and approx. 11 cm between the handles, the handles should be placed approx. 6 cm down on the bag. See schematics.

We have cut the holes in the handles and then "sewn" the handles on with a leather string, finish by tying the leather string tightly on the inside of the bag.

MEASUREMENTS

Width approx. 37 cm

Height approx. 29 cm

YARN
