ASSEMBLY
Make sure that the wide part of the snout is horizontal when assembling.
Begin by sewing the eyes onto the markings, over approx. rows 7-13 with at least 1 db on either side. Now, sew the markings onto the head, over rnds 9-27 with 3 db between the tips (closest to the snout) and approx. 7-8 db between the wide ends.
Sew the ears onto the head, over rnd 28 right behind the markings.
Sew the arms onto the body, over rnd 30 at a slight angle towards rnds 29 and 28. Make sure that the decreases on the arm face backwards.
Now, sew the legs onto the feet, over rnds 11-15. Make sure that the legs turn so that rnd 1 aligns horizontally with the sts of the feet. Stuff the legs lightly before sewing them onto the body.
Sew the legs onto the bottom of the body, over rnds 2-5.
Sew the tail onto the back of the body, over rnd 10.
Finally, sew the head onto the body. Make sure that the snout faces forward. The body is sewn onto the head over rnds 18-23. Stuff the neck a bit more before closing the seam.
Wrap the scarf around the neck of the badger – now it is ready for adventures.
